

Saffron Walden Symphony Orchestra

Sponsorship, Advertising and Donation Information

Saffron Walden Symphony Orchestra (SWSO) organises concerts throughout the year at Saffron Hall, usually with a theme. We normally have an audience of 350-500 people, partly because our concert programme is wide ranging, often giving solo opportunities for local people, the venue is so attractive, and most performances are during the afternoons which gives the opportunities for families to attend. As part of the charitable organisation we also have an Orchestra for Children and run training courses during holidays. Further information is available on our website <http://www.saffronsymphony.org/>.
